

Dr. (Anthony) Shun Fung Chiu

Dr. Chiu, a resident of The Philippines, works in the fields of Sustainable Consumption and Production (SCP), Operations Strategy, and Eco-Industrial Development (EID). He has conducted EID workshops for 30 governments with United Nations Environment Programme (UNEP), United Nations Industrial Development Organization (UNIDO), United Nations Economic and Social Commission for the Asia-Pacific (UN ESCAP) region, InWEnt (Capacity Building International, Germany), Asian Productivity Organization, and other international organizations. In 2002, he led the writing of the Asia Industry Paper as input to the UN World Summit for Sustainable Development (WSSD) in Johannesburg.

Anthony first experienced an EID project at UNDP in 1999, and pursued this discipline. His latest works include the UNEP kit on SCP and EID, and evaluation of China's circular economy – the PRODEV project. A professor or jury member in several international universities in Europe, Australia and Asia, he has also served the Philippine government as Pollution Adjudication Board Member; and as editor of journals including the *Journal of Cleaner Production* and *Progress in Industrial Ecology*.

Anthony holds BS Mechanical Engineering, MS Industrial Engineering, and Doctor of Business Administration degrees, and graduate certificate in Cleaner Production.
